Crocheted Feather Necklace

By Iin Wibisono
I first saw this pendant in the Creative Crochet Crew – The Group. People were talking about it and some of us were trying to figure out how did the designer make it. The designer wrote briefly what she does on her blog but she has no pattern written up. So I asked her if she wouldn’t mind I use her idea in my design and write up a pattern. To my surprise she say yes. Thanks Regina Rioux for the inspiration. See Regina and her fabulous creations on her blog in this link

**Difficulty:** Super Easy

**Yarns:** Any size and type of yarns.

**Hook:** Any size to go with the size of yarns you are using

Here I am using my left over Angora Batik/DK size and hook size E/3.5mm and B/2.25mm. You can make it into a smaller size pendant by using crochet threads.

A 10 mm split ring or a bail.

A leather string

**Finished size:** 6 inches

**Stitches Used:**

Ch = chain

Sl st = slip stitch

V = Vane

**Pattern**

Make a sl knot leaving a 4 inches tail then make 35 ch (for the shaft).

Sl st in 5th ch from hook, sl st into each of next 3 ch.

V1: 9 ch, sl st into 2nd ch fr hook, 7 sl st. Sl st into next st (the shaft).

V2: 11 ch, sl st into 2nd ch fr hook, 9 sl st. Sl st into next st.

V3: 13 ch, sl st into 2nd ch fr hook, 11 sl st. Sl st into the shaft.

Continue making the vanes repeating the 3rd vane till there are 7 st remains on the shaft.

V 6 – 7 fr the tip: 11 ch, sl st into 2nd ch fr hook, 9 sl st. Sl st into next st.

V 3 – 5 fr the tip: 9 ch, sl st into 2nd ch fr hook, 7 sl st. Sl st into next st.
Last V: 7 ch, sl st into 2nd ch fr hook, 5 sl st. Sl st into last st.

Right side facing up and while carrying the tail rotates your work to begin making the opposite side of the vanes.

Make 7 ch, sl st into 2nd ch fr hook, 5 sl st. sl st into next st.

V1: 7 ch, sl st into 2nd ch fr hook, 5b sl st. sl st into next st.

V2: 9 ch, sl st into 2nd ch fr hook, 7 sl st. sl st into next st.

V3: 9 ch, sl st into 2nd ch fr hook, 7 sl st. sl st into next st.

V4: 11 ch, sl st into 2nd ch fr hook, 9 sl st sl st into next st.

V5: 11 ch, sl st into 2nd ch fr hook, 9 sl st, sl st into next st.

V6: (13 ch, sl st into 2nd ch fr hook, 11 sl st, sl st into shaft); rep all the way to top till the beginning of the vanes.

Sl st into each of next 2 st, (sl st into the ring, 1 ch) 6 times. sl st into each of next 2 st.

Change to a smaller hook. Sl st into each of the st in the center of the shaft all the way to the tip (see pic). Bind off, sew the tails into the stitches 2 times to secure.

**Blocking**

Lay the feather on a flat surface or an ironing board. Spray with fabric stiffener.

**Assembly**

Open the split ring and hook it into the feather. Thread the leather string into the ring.

\[Sl \ st \ into \ each \ of \ the \ st \ in \ the \ center \ of \ the \ shaft.\]
